

NATIONAL SECURITY.

GLOBAL TRADE.

AMERICAN JOBS.

The United States' abundant supply of natural gas has significantly reduced our country's dependence on foreign energy, improving U.S. energy security, trade and national security.

 WORLD PRODUCTION LEADER

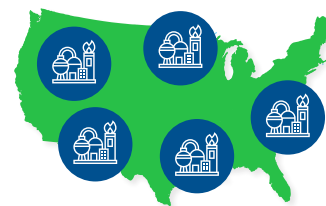

Over the last decade, the United States has dominated natural gas production globally, standing as the

WORLD'S TOP PRODUCER

of natural gas annually
SINCE 2011

 REDUCING FOREIGN DEPENDENCE

Record U.S. natural gas production has greatly

REDUCED OUR RELIANCE
ON FOREIGN ENERGY

 STRENGTHENING TRADE

U.S. exports of liquefied natural gas (LNG) to Europe grew

MORE THAN 180 PERCENT

from mid-2018 to mid-2019, making the United States Europe's third largest natural gas supplier and limiting their dependence on natural gas from countries like Russia

 BOLSTERING ENERGY SECURITY

Thanks in part to increased natural gas production, U.S. energy security is at its

STRONGEST LEVEL
in almost 50 years

 COMPETITIVE ADVANTAGE

An affordable and reliable supply of U.S. natural gas has allowed American manufacturers to reduce costs and stay competitive while spurring

MORE THAN
\$200 BILLION

in American manufacturing investment **since 2010**
