

How Business can have an effective input into country NDCs

ANSWER: Business provides input..

- **On a sectoral basis.** Example: aluminum, cement, steel, electricity generation, shipping, lighting and mobility in cities.
- **Well before countries set their negotiating position for a COP.**

ANNUAL CALANDER

- **Jan/Feb:** Assess COP results + Global Emissions Gap + Technical Feasibility.
- **Mar/Apr:** National sectoral discussions.
- **Jun:** UNFCCC 1st Intersessional with Global level sectoral meetings.
- **July:** Country level sectoral meetings.
- **Aug/Sept:** Countries set their negotiating position for the COP
- **Nov/Dec:** COP

BENEFITS:

- NDCs based on what industries can do and lead directly to industry action.
- Common foundation for country NDCs aiding jointly raising ambition.

DESIGN PROCESS to avoid:

- Some businesses trying to use it to reduce competition and raise profit margins.
- Civil Society finding reason to attack Business.
